INTRODUCTION

Education System has changed over the years. There is no doubt that the future of education will be greatly driven by technology. The new teaching tools are much more effective for the new generation of learners and educators as they appreciate the modern educational settings. Instead of spending time reading books in the traditional libraries, the millennial find it easier to learn on the go by staying tuned to the videos and tutorials online. Information technology has eliminated the barriers of space and time and allowed the educational institutions, to provide all or most of their courses on the Web. Due to the ongoing pandemic the educators have switched over to blended mode of learning which is an amalgamation of online and offline mode of education. New pedagogical techniques have evolved to impart education to the pupils.

Against this backdrop this web conference has been orchestrated on 5th, 6th and 7th October 2021 by International Benevolent Research Foundation (IBRF), Kolkata; Hiralal Mazumdar Memorial College for Women (HMMCW), West Bengal and Confederation of Indian Universities (CIU), New Delhi to discuss on the various aspects related to New Trends in Education. The virtual conference will be an ideal forum to disseminate information and exchange ideas between scholars, academicians, professors and educationists.

Students, Research scholars, Scientists, Academicians are requested to send abstracts on the mentioned themes.
